

## International Driving Permit (IDP)

An IDP is a translation of your current Australian Driver's Licence in nine languages. Your IDP is proof that you hold a current domestic driver's licence and it is only valid if you carry your domestic driver's licence with your IDP.

An IDP is a requirement for driving and/or renting a motor vehicle in many countries. It is also helpful for tourists who find themselves in need of identification or assistance.

The IDP is a travel document regulated by the United Nations and issued by the Australian Automobile Association for Australian license holders. The IDP is recognised in over 150 countries worldwide and contains your name, photo and driver information.
